SHUTTLE[®] 2000-1

Versatile, Confident Rehabilitation

"If you had some money in the budget for a single piece of rehabilitation equipment, what would you purchase? Considering space limitations, durability, and versatility, the Shuttle 2000-1 is the obvious answer." -Steven R. Tippet MS, PT, SCS, ATC

Versatile, Confident Rehabilitation

SHUTTLE[®] 2000-1

Three In One Machine

- Supine Leg Press
- Less Than Body Weight Plyometrics
- Early Stage Rehabilitation Tool

Wide range of capabilities

Specializes in total body rehabilitation with plyometric and leg press capabilities.

25" Stand

The Shuttle 2000-1 comes equipped with a 25" horizontal stand for ease of use. The Deluxe 2400 features a tilting stand for adding a gravity component.

Inspire Confidence

Inspires confidence through movements easily tolerated in early phases of rehabilitation and training.

Patient Comfort & Adjustability

Maximum patient comfort when adjusting resistance and patient position.
